Contracts for Difference (CfD) Supplier Obligation

The Interim Levy Rate (ILR) and Total Reserve Amount (TRA) for Q2 2020 are now set. LCCC has determined that the Interim Levy Rate (ILR) for Q2 is set at £7.469/MWh and the Total Reserve Amount (TRA) at £78,339,427.23 for the period from 1 April 2020 to 30 June 2020 (Q2).

Quarterly Obligation Period - 1 April to 30 June 2020 (Q2)
Interim Levy Rate
£7.469/MWh

Quarterly Obligation Period - 1 April to 30 June 2020 (Q2)
Total Reserve Amount
£78,339,427.23

Details of the calculations behind this determination are available on the [LCCC Transparency Tool](#), and, from today, LCCC's [CfD dashboards](#) (see below). EMRS will send out notices regarding each supplier's individual reserve amounts in due course.

CfD Transparency Tool dashboard integration

As announced at our Autumn Conference and our recent CfD Bulletin, LCCC has been working to develop the content of the dashboards on our website launched earlier this year. The move aims to provide easily accessible data and analysis for our stakeholders and increase transparency.

Until now, LCCC has shared the ILR and TRA and information on the modelling behind them via our Transparency Tool (TT), which has been hosted on a dedicated [microsite](#). The integration of the Transparency Tool into our wider [CfD dashboards](#) has been completed, so from today, 17 December, LCCC will be publishing the Transparency Tool information on the [CfD dashboard area](#) of our website. Please note that the weekly tracking will commence on the CfD dashboards area from mid-January. The Transparency Tool microsite will be maintained in parallel until 31 March 2020, when it will be retired, but without the weekly tracking.

ILR/TRA webinar for Q2 2020

LCCC's forecasting experts will be running a webinar on ILR/TRA for Quarter 2 2020 at the earliest opportunity. On this webinar, our team will take you through the new Transparency Tool dashboards, explain what changes have been implemented and how users can access the same data from the new arrangement.
