

Electricity Supplier Bulletin

Issued on 26 March 2019

Dear Stakeholder,

Welcome to the Electricity Supplier Bulletin from Low Carbon Contracts Company (LCCC) and Electricity Settlement Company (ESC).

This bulletin covers	
EMR Settlement:	Circular EMRC175 provides Suppliers details of when certain payments will be invoiced and when payments are due.
Update on the European Commission's investigation into the GB Capacity Market:	The European Commission's Opening Decision has been published in the Official Journal of the European Union.
CfD Supplier Obligation:	Interim Levy Rate (ILR) and Total Reserve Amount (TRA) set for Q3 2019. Webinar announcement.
Stakeholder review of LCCC/ESC performance:	We're keen to get your feedback on our performance. Survey closes this Friday (29 March).
Further information on LCCC Bulletins:	How to subscribe to other bulletins or be removed from our list.

EMR Settlement

On 22 March 2019, EMRS issued EMR Circular (EMRC) 175 to confirm that the Settlement Calendar that covers settlement days 1 April 2019 to 31 March 2020 has been published.

The Settlement Calendar provides Capacity Providers, CfD Generators and Suppliers details of when certain payments will be invoiced, when payments are due, and if applicable, the Settlement Date and the Settlement Run Type used to determine the payment. The Calendar is available on the Settlement Data page of the EMRS [website](#).

Update on the European Commission's next steps on the Capacity Market

The European Commission's Opening Decision on its investigation into the GB Capacity Market scheme has now been published in the [Official Journal of the European Union](#). This is the formal publication of their decision and helpfully confirms timings and process. ESC continues to work with BEIS and other delivery partners to prepare Standstill arrangements as well as planning for Capacity Market restoration.

Update on CfD Supplier Obligation

Interim Levy Rate (ILR) and Total Reserve Amount (TRA) set for Q3 2019

LCCC has determined that the Interim Levy Rate for Q3 is set at £5.448/MWh and the Total Reserve Amount is set at £50,027,821.65 for the period from 01 July 2019 to 30 September 2019.

Quarterly Obligation Period - 01 July 2019 to 30 September 2019 (Q3 2019)
Interim Levy Rate
£5.448/MWh

Quarterly Obligation Period - 01 July 2019 to 30 September 2019 (Q3 2019)
Total Reserve Amount
£50,027,821.65

Details of the calculations behind this determination are available on the [LCCC Transparency Tool](#).

EMRS will send out notices regarding each supplier's individual reserve amounts in due course.

Our Forecasting team will be running a webinar to explain the rationale behind the determination at the earliest opportunity. We will send you details in the coming weeks. Please email info@lowcarboncontracts.uk to register your interest.

Stakeholder review of LCCC/ESC performance

You should have received an invitation to take part in our annual Stakeholder Review from our research partner, ComRes. If you missed the email from ComRes and would like to give your feedback, please contact Katy Owen (katy.owen@comresglobal.com) with your full name, company

name, job title, email address and phone number **by Friday 29 March**. Your feedback will allow LCCC/ESC to understand where we could improve our services and develop our strategy and engagement plans for the future.

Further information on LCCC /ESC Bulletins

You are receiving this bulletin because you have given consent to receive Electricity Supplier Bulletins from LCCC.

If you would like to receive the Contract for Difference (CFD) Bulletin, Capacity Market (CM) Bulletin, or the Corporate Bulletin, please let us know by emailing Info@lowcarboncontracts.uk.

If you would like to stop receiving this information, please use the same email to let us know.

Kind Regards,

Low Carbon Contracts Company
