

Supplier Bulletin

Issued on 23 November 2018

Dear Stakeholder,

Welcome to the Electricity Supplier Bulletin from Low Carbon Contracts Company (LCCC) and Electricity Settlement Company (ESC).

This bulletin covers	
Interim solution (EMR Circular 170):	Interim solution exempting electricity supplied to Licensed Generators or Storage Facilities from paying EMR levies and charges.
Treatment of CM in interim solution	Capacity Market Supplier Charge collection from Suppliers during suspension of CM.
Further information on LCCC Bulletins	How to subscribe to other bulletins or be removed from our list.

Information on Final Consumption Levies (FCL) exemption interim solution

LCCC/ESC has driven forward an interim solution for FCL exemption that's now approved by the BSC Panel and available for early applications. The interim solution facilitates EMRS to exclude electricity supplied to Licensed Generators or Storage Facilities (<50MW) from Suppliers' payments for both Contracts for Difference (CfD) and Capacity Market (CM).

Licensed Generators or Storage Facilities of <50MW that meet the following criteria would be able to apply for FCL exemptions:

- Electricity provided to a Licensed Generator (for purposes of licensed generation); and
- Electricity supplied by an exempt Supplier across a licensed Distribution System, where the Licensed Supplier is facilitating the supply (by providing meter registration services).

EMR Circular 170 [here](#) provides further detail in relation to applications.

LCCC/ESC intends to continue to work together with ELEXON on further improvements to the interim solution, as required, particularly around data integrity.

Treatment of CM in interim solution

On 15 November 2018, BEIS announced that the Capacity Market is in a 'standstill period' until further notice. ESC notes that during this 'standstill period' no Capacity Market Supplier Charge will be collected from Suppliers. More information on this can be found in [EMR Circular 169](#).

LCCC Bulletins

You are receiving this bulletin because you have given us consent to receive Electricity Supplier Bulletins. To stop receiving this information, please email us at info@lowcarboncontracts.uk.

If you would like to receive the Contract for Difference (CfD) Bulletin, Capacity Market (CM) Bulletin, or the Corporate Bulletin, please let us know by e-mailing Info@lowcarboncontracts.uk.

Kind Regards,

Low Carbon Contracts Company
